Job Description:

We seek a passionate and proactive **Flutter Developer Intern** to join our mobile app development team. The ideal candidate will have a basic understanding of mobile development and want to learn more about Flutter, Dart, and cross-platform app development. As a Flutter Developer Intern, you will assist the team in designing, developing, and deploying mobile applications that run on both iOS and Android platforms.

Responsibilities:

1. Assist in the development of high-quality, responsive mobile applications using Flutter.
2. Collaborate with senior developers and designers to implement UI/UX designs.
3. Write clean, maintainable, and efficient code using Dart.
4. Participate in debugging and testing applications to ensure optimal performance.
5. Learn and apply best practices for mobile app development, including version control and agile development methodologies.
6. Stay updated with the latest trends and advancements in mobile app development and the Flutter framework.

Qualification:

1. Pursuing a degree in Computer Science, Software Engineering, or related field.
2. Basic knowledge of mobile app development (preferably using Flutter).
3. Familiarity with Dart programming language.
4. Understanding of REST APIs and third-party libraries.
5. Basic knowledge of version control systems (Git).
6. Good problem-solving skills and attention to detail.
7. Strong desire to learn and grow in the field of mobile app development.
