PROFESSIONAL EXPERIENCE

Frontend Developer

Social Swirl | March 2024 - May 2024

- Developed 5+ responsive web applications using React.js, improving user engagement by 30% through optimized UX/UI designs.
- Integrated Redux for efficient state management and scalability.
- Ensured clean, maintainable code with best practices, reducing technical debt.

PROJECTS

- Developed a doctor appointment booking system using the MERN stack, managing doctor availability and booking slots efficiently.
- Built a CRUD application for seamless data management with HTML, CSS, React.js, and Redux, enabling efficient create, read, update, and delete operations.
- Built an eCommerce website with HTML, CSS, Bootstrap, JavaScript, and PHP, allowing users to browse and purchase products with a responsive design and smooth functionality.
- Developed a Next.js ticket booking app, enabling users to create, view, update, and delete tickets, streamlining the ticket booking experience.
