PROFILE

I'm a Frontend Developer with a strong foundation in **ReactJS**, **HTML5**, **CSS3**, and **JavaScript**. Proficient in crafting responsive and visually appealing web applications using **Bootstrap** and **Tailwind CSS**. Skilled in integrating APIs to enhance functionality and user experience. Eager to leverage emerging technologies and frameworks to create cutting-edge solutions. Possessing a proactive approach to learning and adapting to new challenges. Excited to contribute fresh perspectives and collaborate within dynamic teams to drive innovation in the ever-evolving tech landscape.

SKILLS

| **Reactjs** | **JavaScript** | **Bootstrap** | **CSS** | **HTML** | Material UI | Tailwind CSS | HTML/CSS | UI/UX Design | **APIs** | Rapid API | Web Development | Graphic Designing | React Query

EXPERIENCE

Fiverr (Frontend Developer)   (03/2024) - Present

- Designed a captivating blog website with a sleek, modern look to enhance user experience.
- Created intuitive navigation, advanced category tags, and powerful search features for seamless interaction.
- Leveraged HTML, CSS, and JavaScript skills to deliver visually appealing and user-friendly designs.
- Ensured client satisfaction by focusing on detail and delivering high-quality frontend solutions.

PROJECTS

Web Development Projects:

- **Design and User Experience:** Developed multiple captivating platforms with sleek, modern designs, focusing on intuitive navigation and responsive design to ensure accessibility and a seamless browsing experience across all devices.
- **Content Presentation and Functionality:** Implemented engaging content presentation techniques, including clean layouts and multimedia integration. Integrated essential features like search functionality, category filters, and social media sharing options across various websites.

Mini Projects:

- Developed various mini projects including a weather app, quiz app, JS calculator, random password generator, QR code generator, and more. Each project showcases proficiency in HTML, CSS, JavaScript, and API integration.
